1/ In Sweden, a Russian teacher Eugenia Karlsson verbally attacked a ukrainian girl. Helga Kadya filmed everything. **https://t.co/VgrYik1mCe**

2/ "She approached me herself and started verbally attacking me. Then I turned on my camera and asked why is she doing this. The reply was because I am a nazi, a prostitute, I look ugly, my clothes are cheap, and I will die soon.

3/ Then my battery died. I wonder, when will all of them die so that my country could finally live? By "them" I mean those who have occupied Ukraine, bombing apartment blocks and maternity homes, killing and raping civilians, including children.

4/ But I'm also wondering why such people as this lady are allowed to live in Europe with those values that they promote?", said Helga.
