Omg Urick is the lying slime of the earth! He has blatantly lied on multiple occasions! He lied in 2010 and told me there was dna at Adnan trial. He lied in 2016 and said the 30+ min phone call with me in 2016 was only 5 mins.

Don't take my word for it. Just read his yelp reviews for God sakes. He has a history of being a snake! He is THEE LAST PERSON I'd trust in life, with ANYTHING, let alone the truth as it pertains to this case.

I have never in my life despised someone more than Urick & I've never even met the man in person.
