Youngsters don't know the significance of this photomosaic. Let's decipher. <https://t.co/vSVEbz6HzA>

Top Left is Altantuya Shaariibuu. Murdered by two special police unit bodyguards assigned to Najib Razak on 18 October 2006. On 16 Dec 2019, the senior of the two, Azilah Hadri, alleged that he received instructions directly from Najib Razak to kill her.

The then AG Tommy Thomas assured to get to the bottom of things on this matter but two months later, traitors struck and Najib Razak became ruling party leader. TT resigned and a new guy showed no such interest in reinvestigating this crime.

Some 10 months later, with no new developments on this case from AG's office and PDRM, Federal Court refused to review the conviction for the murder with no apparent motive on technicalities.

When he returned eventually when Najib was still the PM, his health deteriorated and died. His family suffer the consequences until today.
