Yin Thet Tin, a student of Singapore Institute of Management (SIM), was abducted by Terrorists ([#Myanmar](#) Security Forces) on Apr 2 afternoon.

She went to Mingaladon market to get some snacks. As she was asked some questions by [@CNN](#)'s correspondent [@clarissaward](#), answered as a respect.

She was abducted after interview. Her parents tried to meet her but they were not allowed as Terrorists gang refused. She was taken to Shwe Pyi Thar interrogation Center where she would be tortured. Her life is at high risk at this moment.

4/6

Her fellow students at SIM approached concerned officers/advisors to release a statement from SIM demanding the release of Yin Thet Tin but the request was refused.

I would like to request all Singaporean & international students to speak out for this injustice. Pressure your professors, advisors to release a statement for your fellow Yin Thet Tin. Thank you.
