This story is unfolding and it is the kind of story that would drive the crime desk into a frenzy.

1. Body found in a secluded area - a ravine under a bridge in Kuala Pilah on March 21. The body is believed to be female, police say it is decomposed and victim is small in stature <https://t.co/21U3fNfZuD>

Facial recognition is difficult because of the rate the body has decomposed.

2. On 25 March, police investigation revealed that the victim's death had been covered up. 3 family members including a female 18yo detained, neighbours to be called up to assist with the investigation

The motive remains unknown and CCTV recording around the crime scene will assist with the police investigation.
